

znasichdani.sk

This application connects concrete people to public tenders. It is basically a mash-up of two official registers - register of companies and bulletin of public tenders.

See more information and guidelines: www.znasichdani.sk

1

Start with entering a name into the search box:

For example Juraj Široký

Široký is a business oligarch, often referred to by media as a sponsor of political parties and a person with huge influence.

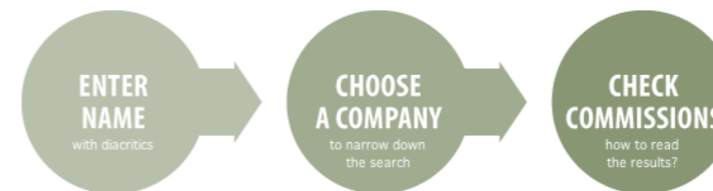

Who makes business with the state?

Search for persons and companies in business with the state.

Juraj Široký

for example Vladimír Poór or Peter Lukeš

DISCLAIMER:

This service displays only total value of government contracts for companies. The resulting amount does not represent profit of specific individuals. Listed persons are not always owners of companies; they may be managers, members of the Supervisory Board or key employees.

Other important information about the data.

THANKS:

We would like to thank the Section of judicial informatics and statistics and the Department of centralized information systems operations, Ministry of justice (Business Register of the Slovak republic) for their supportive approach.

Big thanks to WebSupport for assistance in launching ZNasichDani.sk.

2

You get a list of companies from the official business register where this name was found. You have to choose one to narrow down the search to a concrete entity. There might be more people with the same name and surname on the list.

english | slovensky

Enter name and surname (with diacritic)

for example Ivan Kmotrík or Vladimír Poór
